## WHITSUNDAYS SHIRE COUNCIL CAR PARK FEE COLLECTION

### SITUATION

Shute Harbour, Queensland

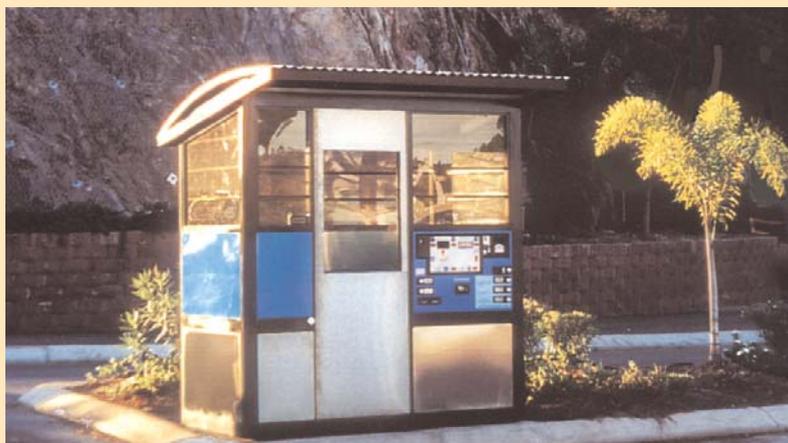

### SYSTEM

Automatic car parking system comprising Entry control, automatic and cashier Pay Stations and Exit control units.

### FEE COLLECTION SYSTEM

The Pay Station is incorporated into a purpose built high security pay booth made of stainless steel and aluminium. A ticket is automatically issued on entry and encoded with time and date details. Before returning to the car park, the driver inserts the ticket into the Pay Station or passes this to the cashier if on duty. The parking fee is paid, with change and optional receipt. Grace is then allowed to exit. As ferries discharge passengers, the peak load is distributed by allowing pre-payment. Automatic payment for lost tickets is also provided. A Management Information System provides audit and historic details of the car park use.
