New Bulk Water Dispensing Units for Narrabri Shire

Narrabri Shire Council has recently been successful in receiving funding to install new Bulk Water Dispensing Units in Pilliga, Gwabegar, Bellata and Baan Baa. Council has obtained \$150,000 through the Federal Government's Drought Communities Programme which supports local community infrastructure and other drought relief projects for communities impacted by drought.

The dispensing units have been supplied by Abberfield Technology Pty Ltd who are committed to providing fantastic services to rural communities.

Council plans to install the bulk water dispenser units by 30 June 2019 at the following locations:

- Lagoon Street, Pilliga
- Monash Street, Gwabegar
- Railway Parade, Bellata
- Henriendi Street, Baan Baa

Narrabri Shire Council Mayor Cathy Redding believes installing these bulk water dispenser units is another step in the right direction to minimise drought impacts on the Narrabri Shire.

Mayor Redding said "These water dispensing units will allow more convenient access to water when our farmers and smaller communities need it"

"I am excited to receive these water dispensing units which have been developed in Australia and can accept payment via a credit card. The Council is grateful to the Federal
